2 years ago, our mission was to take what God has given us as a church and show our appreciation by working to take care of it.

1 year ago, our mission was to serve those in our church at their locations of need. Whether that be where they work, or at their home, or a relative's home.

This year, we are focusing our needs in and around our community. From homeless ministry to foster care ministry, we are being a light to those outside of the church body.

What is Gravitare?

We are going to dive into the reality of what pulls us. What do we gravitate towards and why. There is a natural pull towards the world and sin, there is also available a supernatural pull towards God, and a relationship with Him. That supernatural pull comes from the Holy Spirit. Let's travel together and give a better glimpse into reality. What do you gravitate towards and how do you change that course if need be?
